For more projects

- Please check my github page : https://github.com/yangryu321/

Skills

Tools that I have used to build websites:

- ASP.NET Core : Blazor, Razor Page, MVC, webAPI, minimal API.
- Database : Microsoft SQL Server (EF Core, Dapper, SQL, Stored procedure), MongoDB.
- Cloud: Azure.
- Other frontend tools : Angular, HTML/CSS/Bootstrap, some JS and Typescript.

- Source control: Git, some Azure DevOps.
- Other web dev tools : Azure AD B2C , JWT, some Docker, etc.
- Game dev : Unity 3D, Cocos2d-X.
- What I'm learning : More ASP.NET Core, Angular, Docker, CSS, etc.
